Fill in the letters to the correct answers above to solve this question:

Who is currently leading in the race to be the
Republican candidate for US President?

6 5 2 3 4 1

What do you think?

The Canadian high school students who launched Legoman into space are getting a lot of publicity. Do you think it was a real scientific experiment, or just a prank? Explain your answer.

Proofreading:

Look carefully at each underlined word or phrase. If there is a mistake, make the correction in the space above it. If there is no mistake, write “OK” above the underlined word or phrase.

When the Stanley was still a place for adults to come and party, if they had children with them, the children will have to stay on the fourth floor. Some of the younger children would have nannies to look at them.

Summarize the story:

Use three sentences to tell about the African Wild Dogs of Ol Pejeta:

- 1.
- 2.
- 3.

Look it up

Tornadoes only happen in some parts of the country, but they aren't the only weather that just happens in certain places. Here are some winds that only occur in certain places. Some are warm, others are cold. For each, tell where it happens and whether it is warm, hot, cold or cool. We've done the first one for you.
